PROFESSIONAL RESUME

Cloud Solutions Architect with extensive experience in multi-cloud architecture (OCI, Azure, AWS, Google Cloud, and Huawei Cloud), specializing in designing, migrating, and optimizing highly available and scalable environments. Proven track record of transforming legacy infrastructures into modern microservices ecosystems, integrating Infrastructure as Code, automation, and security and governance best practices to reduce costs and enhance operational reliability.

TECHNICAL KNOWLEDGE

Cloud Platforms: Oracle Cloud Infrastructure (OCI), Microsoft Azure, Amazon Web Services (AWS), Google Cloud Platform (GCP), Huawei Cloud

Cloud Services: Compute, Networking, Storage, IAM, Kubernetes, Containers, Load Balancing, VPN, DNS, Monitoring, Logging, Backup & Disaster Recovery

Programming Languages: Python, JavaScript, TypeScript, Java, Bash, PowerShell

DevOps & Monitoring: Terraform, Ansible, Docker Compose, Podman, Jenkins, Zabbix, Grafana, Datadog

Databases: Oracle Database, PostgreSQL, MySQL, SQL Server, MongoDB, NEO4J, Redis, Snowflake

Middleware, Integration, Messaging and Security: Apache Kafka, RabbitMQ, Apache Tomcat, WildFly, GlassFish, Endpoint Sophos, Firewall Sophos, Firewall Fortigate

PROFESSIONAL EXPERIENCE

Cloud Solutions Architect | CCM Soluções em Tecnologia LTDA

Mar 2025 – Present

- Architects and implements multi-cloud environments, leading migrations, deployments, and resizing of critical workloads for enterprise clients.
- Develops automation and monitoring tools using Python and JavaScript, reducing manual tasks and increasing the operational efficiency of infrastructure teams.
- Implements Infrastructure as Code (Terraform, Ansible, Jenkins, and Kubernetes) to standardize and scale multi-cloud environments.
- Optimizes costs and resources in cloud environments, balancing technical performance and financial efficiency in architectural proposals.
- Defines best practices for architecture, security, and high availability, ensuring the reliability and governance of delivered environments.

Cloud Infrastructure Analyst | Statum Tecnologia em Informática LTDA

Aug 2024 – Mar 2025

- Handled the maintenance, configuration, and provisioning of cloud environments for clients across various sectors.
- Monitored production servers and resolved incidents, ensuring service continuity.
- Managed application deployment and migration routines between environments.

Cloud Support Analyst | Senior Sistemas S/A

Aug 2021 – Jul 2024

- Diagnosed and resolved infrastructure issues in critical client environments.
- Performed preventive maintenance and incident remediation, reducing system downtime.

- Implemented continuous automation and optimizations for support and operational processes.

IT Support and Operations Analyst | Pedra Agroindustrial S/A

Jan 2021 – Aug 2021

- Administered and configured mobile devices and corporate workstations.
- Managed and maintained the organization's PBX telephone network.
- Implemented and monitored backup routines, ensuring data integrity.

Junior Infrastructure Analyst | SMARAPD Informática LTDA

Feb 2018 – Jan 2021

- Performed targeted adjustments and optimizations on databases for Senior systems.
- Configured and validated prerequisites, and updated and installed Senior systems in client environments.
- Executed automated tests on servers and applications prior to production releases.

CERTIFICATIONS

OCI Architect Professional	Issued in 06/2026
OCI Migration Architect Professional	Issued in 10/2025
OCI Architect Associate	Issued in 08/2025
Microsoft Azure Fundamentals (AZ-900)	Issued in 05/2024
ITIL 4 Foundation	Issued in 06/2022

ACADEMIC BACKGROUND

Bachelor's Degree in Computer Science

Feb 2017 – Dec 2020

Centro Universitário Moura Lacerda | Ribeirão Preto – SP, Brasil | Completed
